

PRICING SUPPLEMENT

**INTERNATIONAL BANK FOR RECONSTRUCTION AND
DEVELOPMENT**

Global Debt Issuance Facility

No. 3630

USD 50,000,000

**Principal Protected Notes due 2018
Linked to a Basket of Equity Indices**

SOCIETE GENERALE

The date of this Pricing Supplement is May 13, 2008

This document ("**Pricing Supplement**") is issued to give details of an issue of USD 50,000,000 Principal Protected Notes due 2018 Linked to a Basket of Equity Indices (the "**Notes**") by International Bank for Reconstruction and Development (the "**Bank**") under its Global Debt Issuance Facility.

This Pricing Supplement supplements the terms and conditions in, and incorporates by reference, the Prospectus dated October 7, 1997, and all documents incorporated by reference therein (the "**Prospectus**"), and should be read in conjunction with the Prospectus. Unless otherwise defined in this Pricing Supplement, terms used herein have the same meaning as in the Prospectus.

In addition, certain capitalized terms used in this Pricing Supplement have the respective meanings given to them in the Executive Summary, the Risk Factors, the Terms and Conditions of the Notes or in the Schedule.

The Notes will be direct obligations of International Bank for Reconstruction and Development. The Notes are not conventional notes or debt securities in that they do not provide the holder with a return at maturity that is determinable prior to maturity.

The Notes are not obligations of any government.

SCHEDULE.....21

EXECUTIVE SUMMARY

The following is an executive summary of the provisions of the Notes only and is qualified in its entirety by reference to the more detailed information contained elsewhere in this Pricing Supplement. Capitalized terms used in this summary have the meanings set forth elsewhere in this Pricing Supplement.

Issuer:	International Bank for Reconstruction and Development												
Securities:	Principal Protected Notes due 2018 (the "Notes") Linked to a Basket of Equity Indices. Issued under the Bank's Global Debt Issuance Facility.												
Credit Rating:	Standard & Poor's, a division of The McGraw-Hill Companies, Inc., and Moody's Investors Services Inc. have rated the Bank's Global Debt Issuance Facility AAA/Aaa.												
Aggregate Principal Amount:	USD 50,000,000												
Issue Price:	100%												
Denomination:	USD 1,000 per Note												
Issue Date:	May 16, 2008												
Trade Date:	May 7, 2008												
Maturity Date:	May 16, 2018												
Relevant Business Day:	London and New York using Following Business Day Convention.												
Basket:	<p>The Basket will consist of the following equity indices (each, a "Reference Index" or "Index" and collectively, the "Reference Indices"), weighted as follows:</p> <table border="1" style="margin-left: auto; margin-right: auto;"> <thead> <tr> <th>Index</th> <th>Weighting</th> <th>Bloomberg Ticker Symbol</th> </tr> </thead> <tbody> <tr> <td>Eurostoxx 50</td> <td>33.34%</td> <td>SX5E INDEX</td> </tr> <tr> <td>S&P 500</td> <td>33.33%</td> <td>SPX INDEX</td> </tr> <tr> <td>TOPIX</td> <td>33.33%</td> <td>TPX INDEX</td> </tr> </tbody> </table>	Index	Weighting	Bloomberg Ticker Symbol	Eurostoxx 50	33.34%	SX5E INDEX	S&P 500	33.33%	SPX INDEX	TOPIX	33.33%	TPX INDEX
Index	Weighting	Bloomberg Ticker Symbol											
Eurostoxx 50	33.34%	SX5E INDEX											
S&P 500	33.33%	SPX INDEX											
TOPIX	33.33%	TPX INDEX											
Participation Rate:	103.80 %												
Redemption Amount:	<p>Subject to the occurrence of a Market Disruption Event, the Redemption Amount per Authorized Denomination on the Maturity Date is an amount in USD equal to:</p> <p>(a) If the Minimum Redemption Amount is 100% of the Authorized Denomination:</p> <p style="padding-left: 40px;">the Authorized Denomination plus the Authorized Denomination times the Participation Rate times the Basket Return;</p> <p>(b) If the Minimum Redemption Amount is 145% (i.e. 100% plus the</p>												

	<p><i>Lock-in</i>) of the Authorized Denomination:</p> <p>the Authorized Denomination plus the Authorized Denomination times the Participation Rate times the greater of 45% (i.e. the <i>Lock-in</i>) and the Basket Return.</p>
Minimum Redemption Amount:	Either 100% of the Authorized Denomination or if at any time during the Observation Period the Basket Return is equivalent to or greater than 45% (i.e. the <i>Lock-in</i>), 145% (i.e. 100% plus the <i>Lock-in</i>) of the Authorized Denomination.
Lock-in:	45%
Index Return:	$\frac{(\text{Final Index} - \text{Initial Index})}{\text{Initial Index}}$ <p>where:</p> <p>“Initial Index” is the official Reference Index level on the relevant exchange on the Trade Date; and</p> <p>“Final Index” is the official Reference Index level on the relevant exchange on the relevant Valuation Date.</p>
Basket Return:	<p>The performance of the Basket, expressed as a percentage, calculated as follows:</p> $(w_1 \times IR_1) + (w_2 \times IR_2) + (w_3 \times IR_3)$ <p>subject to a minimum of 0%</p> <p>where:</p> <p>“w” is the weight of each Reference Index in the Basket; and</p> <p>“IR” is the Index Return of each Reference Index.</p>
Rounding:	All amounts and percentages resulting from the calculation of the Index Return and Basket Return will be rounded, if necessary, to the nearest six decimal places (with .0000005 being rounded upwards).
Observation Period:	<p>From (and including) the Trade Date, to (but excluding) the Final Valuation Date, subject to the occurrence of a Market Disruption Event.</p> <p>An observation of each of the Reference Indices will be taken on each Scheduled Trading Day (each, an “Observation Date”) in the Observation Period based on the official closing level for such Reference Index on such Scheduled Trading Day, subject to the occurrence of a Market Disruption Event.</p>
Final Valuation Date:	May 8, 2018, and if such date is not a Scheduled Trading Day, then the Final Valuation Date will be the next Scheduled Trading Day. The Final Valuation Date is subject to the occurrence of a Market Disruption Event.

Valuation Date:	Each Observation Date and the Final Valuation Date, or, if any such date is not a Scheduled Trading Day, the next following Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day, alternative provisions apply as provided elsewhere herein, subject to there being a maximum of eight Disrupted Days.
Adjustments to Reference Indices:	Each Reference Index is subject to adjustment by the Calculation Agent in certain circumstances provided elsewhere herein, including if such Reference Index is not calculated and announced by the relevant Index Sponsor, or such Reference Index is replaced by a successor index, or such Reference Index is modified as to the method of calculating such Reference Index or such Reference Index is cancelled.
Market Disruption Events:	<p>Certain events that prevent the Calculation Agent from calculating the Reference Index closing levels on a Valuation Date and from calculating the Basket Return. The Calculation Agent will determine whether or not one has occurred.</p> <p>A Market Disruption Event includes a trading or exchange disruption for component securities of the Reference Index on its principal trading exchange, a trading or exchange disruption on a related exchange in respect of futures or options relating to the Index that the Calculation Agent determines is material, and an unexpected closure of the principal trading exchange or a related exchange prior to the scheduled closing time, all as more fully described elsewhere herein.</p>
Dealer:	SOCIETE GENERALE (“Dealer”)
Calculation Agent:	SOCIETE GENERALE. The Calculation Agent will be responsible for making, in particular, determinations relating to Valuation Dates, Adjustments to the Reference Indices and Market Disruption Events. The Calculation Agent may be subject to certain potential conflicts of interest described in “Risk Factors”.
Clearing Systems:	Euroclear Bank S.A./N.V. (“Euroclear”) and Clearstream Banking, <i>société anonyme</i> (“Clearstream, Luxembourg”).
Rank:	The Notes constitute direct, unsecured obligations of the Bank ranking <i>pari passu</i> , without any preference among themselves, with all their other obligations that are unsecured and unsubordinated. The Notes are not obligations of any government.
Applicable law:	English law.
Risk factors:	Noteholders should consider carefully the factors set out under “Risk Factors” in this Pricing Supplement before reaching a decision to buy the Notes.

RISK FACTORS

An investment in the Notes involves certain risks. Accordingly, you should consider carefully all of the information set out in this Pricing Supplement and, in particular, the considerations described below, before making any decision to invest in the Notes. Capitalized terms used in this section and not otherwise defined shall have the meanings set forth elsewhere in this Pricing Supplement.

Suitability of Investment

An investment in the Notes is only suitable for investors who have the requisite knowledge and experience in financial and business matters to evaluate the information contained in the Prospectus and this Pricing Supplement, who have made their own independent decision to invest in the Notes and as to whether the Notes are appropriate for them, who are capable of bearing the economic risk of an investment in the Notes, who are acquiring the Notes for their own account for investment, not with a view to resale and who recognize that it may not be possible to make any transfer of the Notes for a substantial period of time, if at all.

The Notes do not pay interest; the Notes may not pay more than the Principal Amount at maturity

The Notes will not pay interest. Noteholders may receive less at maturity than they could have earned on ordinary interest-bearing debt securities with similar maturities, since the Redemption Amount at maturity is based on the Basket Return. If the Basket Return is negative or zero, Noteholders will receive only the Principal Amount of their Notes at maturity. The return of only the Principal Amount at maturity may not be enough to compensate Noteholders for any loss in value due to inflation and other factors relating to the value of money over time.

The formula for determining the Redemption Amount does not take into account the Basket Return prior to the Final Valuation Date unless the Minimum Redemption Amount is increased

A positive Basket Return during the term of the Notes before the Final Valuation Date on which the final Basket Return is calculated will not be reflected in the calculation of the Redemption Amount payable at maturity unless the Minimum Redemption Amount has increased in accordance with its terms. The Calculation Agent will calculate the Redemption Amount by taking into account the final Basket Return at maturity. The Basket Return on each Observation Date will be used to determine if the Minimum Redemption Amount should be increased. If the Minimum Redemption Amount has not been increased, Noteholders may receive only the Principal Amount of their Notes at maturity even if the Basket Return has been positive at certain times during the term of the Notes before becoming negative or zero at the Maturity Date.

An investment in the Notes is not the same as an investment in the stocks underlying the Reference Indices or a security directly linked to the Reference Indices

The payment of dividends on the stocks which comprise, or underlie, the Reference Indices has no effect on the calculation of the index level for such Reference Indices. Therefore, the return on the Noteholders' investment based on the percentage change in such Reference Indices is not the same as the total return based on the purchase of those underlying stocks held for a similar period. As investors in the Notes, Noteholders

will not have voting rights or any right to receive dividends or other distributions or any other rights with respect to the stocks that underlie the Reference Indices.

The market price of the Notes may be influenced by many factors

The Notes are not designed to be short-term trading instruments. Many factors, most of which are beyond the Bank's control, will influence the value of the Notes and the price at which the Dealer may be willing to purchase or sell the Notes in the secondary market, including: the current level of the Reference Indices, interest and yield rates in the market, the volatility of the Reference Indices, economic, financial, political and regulatory or judicial events that affect the securities underlying the Reference Indices or stock markets generally and which may affect the appreciation of the Reference Indices, the time remaining to the maturity of the Notes, the dividend rate on the stocks underlying the Reference Indices, the Bank's creditworthiness and early sales charges, if any. In addition, the original issue price of the Notes includes the Dealer's compensation and the cost of hedging the Bank's obligations under the Notes. The inclusion in the Issue Price of the Dealer's compensation and the cost of hedging is likely to adversely affect the price at which a person may be willing to purchase the Notes, if at all. Such cost includes the expected cost of providing such hedge, as well as the profit the hedging counterparty expects to realize in consideration for assuming the risks inherent in providing such hedge. As a result, assuming no change in market conditions or any other relevant factors, the price, if any, at which a person will be willing to purchase Notes, if at all, will likely be lower than the original issue price.

Some or all of these factors may influence the price that Noteholders will receive if they choose to sell their Notes prior to maturity. The impact of any of the factors set forth above may enhance or offset some or all of any change resulting from another factor or factors.

Noteholders' principal is protected only if they hold their Notes to maturity

Noteholders will receive at least the Minimum Redemption Amount (which will be at least 100% of the principal amount of the Notes) only if they hold their Notes to maturity. If Noteholders sells their Notes in the secondary market prior to maturity, however, they will not receive principal protection or any minimum total return on the portion of their Notes sold. Noteholders should be willing to hold their Notes until maturity.

Noteholders have no recourse to the Index Sponsors or to the issuers of the stocks comprising the Reference Indices

Noteholders will have no rights against the Index Sponsors, as sponsors of the Reference Indices, or against any issuer of a stock comprising the Reference Indices. The Notes are not sponsored, endorsed, sold or promoted by any Index Sponsor or any such issuer. No Index Sponsor nor any such issuer has passed on the legality or suitability of, or the accuracy or adequacy of descriptions and disclosures relating to, the Notes. No Index Sponsor nor any such issuer makes any representation or warranty, express or implied, to prospective investors in the Notes or any member of the public regarding the advisability of investing in the securities generally or the Notes particularly, or the ability of the Reference Indices to track general stock performance. The Index Sponsors have no obligation to take the needs of the Bank or the needs of the Noteholders into consideration in determining, composing or calculating the Reference Indices. No Index Sponsor nor any issuer of a stock comprising the Reference Indices is responsible for, and none of them has participated in the determination of, the timing, prices or quantities of the Notes to be issued. No Index Sponsor nor any such issuer has any liability in connection with the administration, marketing or trading of the Notes.

Noteholders do not own the component stocks of any Reference Index; and movements in the Reference Indices may not correlate with each other

Noteholders will not have voting rights, rights to receive cash dividends or other distributions or other rights that holders of securities comprising the Reference Indices would have. Returns on the Notes will not reflect the return an investor would realize if it actually owned the common stocks of any of the companies included in the Reference Indices and received the dividends paid on those stocks because the final level reflects the prices of the common stocks in the Reference Indices on a Valuation Date without taking into consideration the value of dividends paid on those stocks.

In addition, price movements in the Reference Indices may not correlate with each other. That is, the value of a Reference Index or Reference Indices may increase while the value of another Reference Index or other Reference Indices either increases by a lesser amount or decreases. Therefore, increases in the value of one of the Reference Indices may be moderated, or more than offset, by lesser increases or decreases in the level of another Reference Index or Reference Indices in calculating the Basket Return on any Valuation Date.

Historical performance of the Reference Indices is not indicative of future performance

The future performance of the Reference Indices cannot be predicted based on its historical performance. The Bank cannot guarantee that the level of the Reference Indices will increase or that Noteholders will receive at maturity an amount any more than the Principal Amount of the Notes purchased.

One or more Index Sponsors may discontinue publication of the respective Reference Indices

If one or more Index Sponsors discontinue or suspend the calculation of the respective Reference Indices, it may become difficult to determine the market value of the Notes or the amount payable at maturity. The Calculation Agent may designate a successor index selected in its sole discretion. If the Calculation Agent determines in its sole discretion that no successor index comparable to the discontinued or suspended Reference Index or Indices exists, the amount Noteholders receive at maturity will be determined by the Calculation Agent in its sole discretion. Any of these actions could adversely affect the value of the Notes.

Adjustments to the Reference Indices could adversely affect the Notes

The Index Sponsors are responsible for calculating and maintaining the Reference Indices. The Index Sponsors can add, delete or substitute the stocks underlying the Reference Indices or make other methodological changes that could change the value of the Reference Indices at any time. The Index Sponsors may discontinue or suspend calculation or dissemination of the Reference Indices. No Index Sponsor has any obligation to consider the interests of the Noteholders in calculating or revising its Reference Index.

If one or more of these events occurs, the calculation of the Redemption Amount at maturity will be adjusted to reflect such event or events. Consequently, any of these actions could adversely affect the Redemption Amount at maturity or the market value of the Notes or both.

The occurrence of a Disrupted Day may postpone the calculation of the Basket Return

If any Valuation Date is a Disrupted Day, such Valuation Date for each Reference Index not affected by the occurrence of a Disrupted Day shall be the Valuation Date, and such Valuation Date for each Reference Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Reference Index, unless each of the Scheduled Trading Days immediately following the Valuation Date is a Disrupted Day. In that case, (i) that eighth Scheduled Trading Day shall be

deemed to be the Valuation Date for the relevant Reference Index, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the value of that Reference Index as of the Valuation Time (as defined below) on the eighth Scheduled Trading Day based on its good faith estimate of the value of each security comprised in the Reference Index.

The occurrence of a Disrupted Day may postpone the Maturity Date

If the Final Valuation Date is postponed as set forth in the “Terms and Conditions”, the Maturity Date of the Notes will be postponed by one Relevant Business Day for each Relevant Business Day that the Final Valuation Date is postponed, and therefore may be postponed by up to eight Relevant Business Days. No interest or other payment will be payable because of any such postponement of the Maturity Date. Consequently, the occurrence of a Disrupted Day could result in a postponement of the Maturity Date, but no interest or other payment will be payable because of such postponement. Please refer to the Terms and Conditions “Maturity Date” and “Redemption Amount – Valuation Dates” in this Pricing Supplement.

Potential Conflicts of Interest

The Dealer and other members of the SOCIETE GENERALE group (“SG”) may from time to time act in other capacities with regard to the Notes, including as Calculation Agent.

Because the Calculation Agent is an affiliate of the Dealer, potential conflicts of interest may exist between the Calculation Agent and the Noteholders.

SG trades the stocks underlying the Basket, other financial instruments related to the Basket, and their component stocks on a regular basis for their accounts and for other accounts under their management. SG may also issue or underwrite or assist unaffiliated entities in the issuance or underwriting of other securities or financial instruments with returns indexed to the Basket. To the extent that SG serves as issuer, agent or underwriter for such securities, their interests with respect to such products may be adverse to those of the Noteholders. Any of these trading activities could potentially affect the Basket level and, accordingly, could affect the value of the Notes and the amount payable to Noteholders at maturity. Additionally, SG may serve as issuer, agent or underwriter for issuances of securities with returns linked or related to changes in the Basket level or the stocks comprising the Basket. By introducing competing products into the marketplace in this manner, SG could adversely affect the value of the Notes.

SG may currently or from time to time engage in business with companies whose stock is included in the Basket, including extending loans to, or making equity investments in, or providing advisory services to them, including merger and acquisition advisory services. In the course of this business, SG may acquire non-public information about the companies, and such information will not be disclosed to Noteholders. In addition, SG may publish research reports about the companies whose stock is included in the Basket. Any prospective purchaser of Notes should undertake such independent investigation of each company whose stock is included in the Basket as in its judgment is appropriate to make an informed decision with respect to an investment in the Notes.

The Bank intends to hedge its obligations under the Notes through SG, which would expect to make a profit in connection with providing such hedge. Because the actual cost of hedging the Bank’s obligations entails risk and may be influenced by market forces beyond the Bank’s or the hedging counterparty’s control, such hedging may result in a profit that is more or less than expected, or it may result in a loss.

The Calculation Agent, will determine the amount the Bank will pay the Noteholders at maturity. The Calculation Agent will also be responsible for determining whether a Market Disruption Event has occurred. The Calculation Agent may, in its sole discretion, decide that the markets have been disrupted in a manner

that prevents it from properly valuing the Basket and calculating the amount, if any, that the Bank is required to pay at maturity. In such event, the Maturity Date may be postponed. It is possible that a market disruption may adversely affect the return that Noteholders would otherwise receive. In addition, the Calculation Agent may make adjustments for other events. In performing these duties, the Calculation Agent may have interests adverse to the interests of the Noteholders, which may affect the return on the Notes, particularly where the Calculation Agent is entitled to exercise discretion.

Tax consequences

You should consider the tax consequences of investing in the Notes. Please refer to the Terms and Conditions “General Information – Income Tax Considerations” in this Pricing Supplement.

TERMS AND CONDITIONS

The following items under this heading “Terms and Conditions” are the particular terms which relate to the issue of Notes that are the subject of this Pricing Supplement. These are the only terms which form part of the form of Notes for such issue:

- | | | |
|----|---|---|
| 1 | No.: | 3630 |
| 2 | Aggregate Principal Amount: | USD 50,000,000 |
| 3 | Issue Price: | 100% of the Aggregate Principal Amount |
| 4 | Issue Date: | May 16, 2008 |
| 5 | Form of Notes (Condition 1(a)): | Bearer only |
| 6 | Authorized Denominations
(Condition 1(b)): | USD 1,000 |
| 7 | Specified Currency (Condition 1(d)): | United States dollars (“USD”) |
| 8 | Maturity Date (Conditions 1(a) and
6(a)): | May 16, 2018 |
| 9 | Interest Basis: | None |
| 10 | Relevant Business Day: | London and New York |
| 11 | Redemption Amount (if other than
Principal Amount) (Condition 6(a)): | Subject to the occurrence of a Market Disruption Event, the Redemption Amount per Authorized Denomination on the Maturity Date is an amount in USD equal to:

(a) If the Minimum Redemption Amount is 100% of the Authorized Denomination:

the Authorized Denomination plus the Authorized Denomination times the Participation Rate times the Basket Return;

(b) If the Minimum Redemption Amount is 145% (i.e. 100% plus the Lock-in) of the Authorized Denomination:

the Authorized Denomination plus the Authorized Denomination times the Participation Rate times the greater of 45% (i.e. the Lock-in) and the Basket Return. |
| 12 | Bank’s Optional Redemption
(Condition 6(e)): | No. |
| 13 | Redemption at the Option of the | No. |

- Noteholders (Condition 6(f)):
- 14 Long Maturity Note (Condition 7(f)): No.
- 15 Prescription (Condition 8): Principal:10 years
- 16 Early Redemption Amount (Condition 10): In the case of early redemption on event of default, the Redemption Amount shall be calculated as an amount as if the Final Valuation Date was five Relevant Business Days before the date for early redemption, subject to the occurrence of a Market Disruption Event.
- 17 Governing Law of the Notes: English law
- 18 Additional Provisions Relating to the Notes:
- Calculation Agent: SOCIETE GENERALE will act as Calculation Agent for the Notes (“**Calculation Agent**”).
- Adjustments to a Reference Index: (A) Successor Index Sponsor Calculates and Reports a Reference Index:
- If a Reference Index is (i) not calculated and announced by the relevant Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or substantially similar formula for and method of calculation as used in the calculation of that Reference Index, then, in each case that index (the “**Successor Index**”) will be deemed to be such Reference Index.
- (B) Modification and Cessation of Calculation of a Reference Index:
- If (i) on or prior to the Valuation Date, in relation to a Reference Index the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating such Reference Index or in any other way materially modifies such Reference Index (other than a modification prescribed in that formula or method to maintain such Reference Index in the event of changes in constituent stock and capitalization, contracts or commodities or other routine events) (an “**Index Modification**”) or permanently cancels such Index and no Successor Index exists (an “**Index Cancellation**”), or (ii) on the Valuation Date the relevant Index Sponsor or (if applicable) the successor Index Sponsor fails to calculate and announce the relevant Index (an “**Index Disruption**” and,

together with a Reference Index Modification and a Reference Index Cancellation, each an “**Index Adjustment Event**”), then:

(a) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the Basket Return using, in lieu of a published level for such Reference Index, the level for such Reference Index as at the Valuation Time on the Valuation Date as determined by the Calculation Agent in accordance with the formula for and method of calculating such Reference Index last in effect prior to the change, failure or cancellation, but using only those component securities that comprised such Reference Index immediately prior to that Index Adjustment Event; or

(b) on giving notice to the Noteholders in accordance with Condition 13, redeem all, but not some only, of the Notes, each Authorized Denomination being redeemed at its Early Redemption Amount.

(C) Notices:

Upon the occurrence of an Index Adjustment Event, the Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 giving details of the action proposed to be taken in relation thereto.

Additional Definitions:

“**Basket**” means a notional basket comprised of the following three indices (each an “**Index**,” and, together, the “**Indices**”):

- (i) the S&P 500[®] Index (“**S&P 500**”);
- (ii) TOPIX[®] (“**TOPIX**”); and
- (iii) the Dow Jones EURO STOXX 50[®] Price Index (“**Eurostoxx 50**”),

having the respective weightings set forth in the table below:

Reference Index	Weighting	Bloomberg Ticker Symbol
S&P 500	33.33%	SPX INDEX
TOPIX	33.33%	TPX INDEX
Eurostoxx 50	33.34%	SX5E INDEX

“**Basket Return**” means the percentage calculated as follows:

$$(w_1 \times R_1) + (w_2 \times R_2) + (w_3 \times R_3),$$

where:

“**w**” is the weight of each Reference Index in the Basket; and

“**IR**” is the Index Return of each Reference Index.

“**Index Return**” means, in relation to each Reference Index, the return expressed as a percentage and calculated as follows:

$$\text{Index Return} = \frac{(\text{Final Index} - \text{Initial Index})}{\text{Initial Index}}$$

For purposes of calculating the Index Return for each Reference Index, the “**Initial Index**” is the official closing level of the relevant Reference Index on the relevant Exchange on the Trade Date and the “**Final Index**” is the official closing level of the relevant Reference Index on the relevant Exchange on the applicable Valuation Date.

“**Disrupted Day**” means any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

“**Early Closure**” means the closure on an Exchange Business Day of relevant Exchange(s) relating to securities that comprise 20% or more of the level of the Reference Index or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or Related Exchange(s) at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange(s) or Related Exchange(s) on such Exchange Business Day and (ii) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

“**Exchange**” means, in respect of each security comprising a Reference Index, the exchange or quotation system on which such security is listed (for the avoidance of doubt, where such security has more than one listing, “Exchange” shall mean the exchange or quotation system used by the relevant Index Sponsor when calculating the relevant Reference Index), any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in such security has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such security on such temporary substitute exchange or quotation system as on the original Exchange).

“**Exchange Business Day**” means any Scheduled Trading Day on which each Exchange and each Related Exchange are open for trading during their respective regular trading

sessions, notwithstanding such Exchange or Related Exchange closing prior to its Scheduled Closing Time.

“Exchange Disruption” means any event (other than Early Closure) that disrupts or impairs (as determined by the Calculation Agent) the ability of market participants in general (i) to effect transactions in, or obtain market values for, securities that comprise 20% or more of the level of the relevant Reference Index, or (ii) to effect transactions in, or obtain market values for, futures or options contracts relating to the relevant Reference Index on any relevant Related Exchange.

“Final Valuation Date” means May 8, 2018, and if such date is not a Scheduled Trading Day, then the Final Valuation Date will be the next Scheduled Trading Day. The Final Valuation Date is subject to the occurrence of a Market Disruption Event.

“Index Sponsor” means the corporation or other entity that (a) is responsible for setting and reviewing the rules and procedures and the methods of calculation and adjustments, if any, related to the relevant Reference Index and (b) announces (directly or through an agent) the level of the relevant Reference Index on a regular basis during each Scheduled Trading Day.

The Index Sponsors of the Reference Indices are as follows:

Reference Index	Index Sponsor
S&P 500	Standard & Poor’s, a division of The McGraw-Hill Companies, Inc.
TOPIX	The Tokyo Stock Exchange, Inc.
Eurostoxx 50	STOXX Limited, a joint venture between Deutsche Börse AG, Dow Jones & Company and SWX Swiss Exchange

“Issue Date” means May 16, 2008.

“Lock-in” means 45%.

“Market Disruption Event” means, in respect of a Reference Index, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time,

or (iii) an Early Closure. For the purposes of determining whether a Market Disruption event exists at any time, if a Market Disruption Event occurs in respect of a security included in the Reference Index at any time, then the relevant percentage contribution of that security to the level of the Reference Index shall be based on a comparison of (x) the portion of the level of the Reference Index attributable to that security and (y) the overall level of the Reference Index, in each case immediately before the occurrence of such Market Disruption Event.

“Minimum Redemption Amount” means either (i) 100% of the Authorized Denomination or (ii) if at any time during the Observation Period the Basket Return is equivalent to or greater than 45% (i.e. the *Lock-in*), 145% (i.e. 100% plus the *Lock-in*) of the Authorized Denomination.

“Observation Period” means the period from (and including) the Trade Date, to (but excluding) the Final Valuation Date, subject to the occurrence of a Market Disruption Event. An observation of each of the Reference Indices will be taken on each Scheduled Trading Day (each, an **“Observation Date”**) in the Observation Period based on the official closing level for such Reference Index on such Scheduled Trading Day, subject to the occurrence of a Market Disruption Event.

“Participation Rate” means 103.80%.

“Reference Indices” means the S&P 500, the TOPIX and the Eurostoxx 50, and each is a **“Reference Index”**.

“Related Exchange” means each exchange or quotation system on which options contracts and futures contracts relating to a Reference Index are traded, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in futures or options contracts relating to such Reference Index has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to the futures or options contracts relating to such Reference Index on such temporary substitute exchange or quotation system as on the original Related Exchange).

“Scheduled Closing Time” means, in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours.

“Scheduled Trading Day” means any day on which each

Exchange and Related Exchange are scheduled to be open for trading for their respective regular trading sessions.

“Scheduled Valuation Date” means any original date that, but for the occurrence of an event causing a Disrupted Day, would have been a Valuation Date.

“Trade Date” means May 7, 2008.

“Trading Disruption” means any suspension of or limitation imposed on trading by the relevant Exchange or Related Exchange or otherwise and whether by reason of movements in price exceeding limits permitted by the relevant Exchange or Related Exchange or otherwise (i) relating to securities that comprise 20% or more of the level of the relevant Reference Index, or (ii) in futures or options contracts relating to the relevant Reference Index on any relevant Related Exchange.

“Valuation Date” means each Observation Date and the Final Valuation Date, or, if any such date is not a Scheduled Trading Day, the next following Scheduled Trading Day unless, in the opinion of the Calculation Agent, such day is a Disrupted Day. If such day is a Disrupted Day then the Valuation Date for each Reference Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Reference Index affected by the occurrence of a Disrupted Day (each an **“Affected Index”**) shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to the Affected Index, unless each of the eight Scheduled Trading Days immediately following the Scheduled Valuation Date is a Disrupted Day relating to the Affected Index. In that case (i) that eighth Scheduled Trading Day shall be deemed to be the Valuation Date for the Affected Index, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine the Basket Return using, in relation to the Affected Index, the level of that Reference Index determined using the level of that Reference Index as of the Valuation Time on that eighth Scheduled Trading Day in accordance with the formula for and method of calculating that Reference Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on that eighth Scheduled Trading Day of each component security comprised in that Reference Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant component security on that eighth Scheduled Trading Day, its good faith estimate of the value for the relevant component security as of the Valuation Time on that eighth Scheduled Trading Day).

“**Valuation Time**” means, in relation to each security comprised in the Reference Index on the relevant Valuation Date, the Scheduled Closing Time on the relevant Exchange on which such security is traded. If the relevant Exchange closes prior to its Scheduled Closing Time and the specified Valuation Time is after the actual closing time for its regular trading session, then the Valuation Time shall be such actual closing time.

Rounding:

All amounts and percentages resulting from the calculation of the Index Return and Basket Return will be rounded, if necessary, to the nearest six decimal places (with .0000005 being rounded upwards).

SCHEDULE

REFERENCE INDICES

Set out below is a summary description of the Reference Indices. Such summary description is for information purposes only and should not be relied upon by the Noteholders. All disclosure contained in this Pricing Supplement regarding the Reference Indices, including, without limitation, their make-up, method of calculation and changes in their components, is derived from, and based solely upon, publicly available information. As such, neither the Bank nor the Dealer assumes any responsibility for the accuracy or completeness of such information. In addition, neither the Bank nor the Dealer accepts responsibility for the calculation or other maintenance of, or any adjustments to, the Reference Indices. The Index Sponsors are under no obligation to continue to publish the Reference Indices and may discontinue publication of the Reference Indices at any time.

S&P500[®] Index

The S&P 500[®] Index consists of 500 stocks chosen for market size, liquidity and industry group representation. It is one of the most widely used benchmarks of U.S. equity market performance. For further information on the S&P 500[®] Index see www.standardandpoors.com. Information contained on such website is not incorporated by reference in, and should not be considered a part of, this Pricing Supplement.

“STANDARD & POOR’S[®]”, “S&P[®]”, “S&P 500[®]” and “500[®]” are trademarks of McGraw-Hill Companies, Inc. which are used under a non-exclusive license owned by the Bank and for which it pays a fee.

TOPIX[®] Index

The TOPIX Index Value and the TOPIX Trademarks are subject to the intellectual property rights owned by the Tokyo Stock Exchange, Inc. and the Tokyo Stock Exchange, Inc. owns all rights relating to the TOPIX Index such as calculation, publication and use of the TOPIX Index Value and relating to the TOPIX Trademarks. The Tokyo Stock Exchange, Inc. shall reserve the rights to change the methods of calculation or publication, to cease the calculation or publication of the TOPIX Index Value or to change the TOPIX Trademarks or cease the use thereof. The Tokyo Stock Exchange, Inc. makes no warranty or representation whatsoever, either as to the results stemmed from the use of the TOPIX Index Value and the TOPIX Trademarks or as to the figure at which the TOPIX Index Value stands on any particular day. The Tokyo Stock Exchange, Inc. gives no assurance regarding accuracy or completeness of the TOPIX Index Value and data contained therein. Further, the Tokyo Stock Exchange, Inc. shall not be liable for the miscalculation, incorrect publication, delayed or interrupted publication of the TOPIX Index Value. No Licensed Product are in any way sponsored, endorsed or promoted by the Tokyo Stock Exchange, Inc. The Tokyo Stock Exchange, Inc. shall not bear any obligation to give an explanation of the Licensed Product or an advice on investments to any purchaser of the Licensed Product or to the public. The Tokyo Stock Exchange, Inc. neither selects specific stocks or groups thereof nor takes into account any needs of the issuing company or any purchaser of the Licensed Product, for calculation of the TOPIX Index Value. Including but not limited to the foregoing, the Tokyo Stock Exchange, Inc. shall not be responsible for any damage resulting from the issue and sale of the Licensed Product.

Eurostoxx 50[®] Index

The Dow Jones EURO STOXX 50[®] Index is a free float market capitalization-weighted index composed of 50 component stocks of market sector leaders from within the Eurozone, which refers to the collective group of countries belonging to the European Union that use the Euro as their common currency. For further information on the Dow Jones EURO STOXX 50[®] Index, please see www.stoxx.com. Information contained on such website is not incorporated by reference in, and should not be considered a part of, this Pricing Supplement.

The Dow Jones EURO STOXX 50[®] Index and STOXX[®] are the intellectual property (including registered trademarks) of STOXX Limited, Zurich, Switzerland, and/or Dow Jones & Company, Inc., a Delaware corporation, New York, USA (the "Licensors"), which are used under a non-exclusive license owned by the Bank and for which it pays a fee.

The Index Sponsors

The Notes are not sponsored, endorsed, sold or promoted by STOXX Limited, Dow Jones & Company, Inc., TSE, or S&P. STOXX Limited and Dow Jones & Company, Inc., The Tokyo Stock Exchange, Inc., and S&P are each referred to as an "Index Sponsor". The Index Sponsors are responsible for calculating and maintaining their respective Indices. The Index Sponsors have not passed on the legality or suitability of, or the accuracy or adequacy of descriptions and disclosures relating to the Notes. The Index Sponsors make no representation or warranty, express or implied, to the owners of the Notes or any member of the public regarding the advisability of investing in securities generally or in the Notes particularly, or the ability of its Reference Index to track general stock market performance. The Index Sponsors have no relationship to the Bank other than the licensing of its Reference Index and the related trademarks for use in connection with the Notes, which Reference Index is determined, composed and calculated by each Index Sponsor without regard to the Bank or the Notes. The Index Sponsors have no obligation to take the needs of the Bank or the holders of the Notes into consideration in determining, composing or calculating the Reference Index. The Index Sponsors are not responsible for and have not participated in the determination of the timing of, prices at, or quantities of the Notes to be issued or in the determination or calculation of the equation by which the Notes are to be converted into cash. The Index Sponsors have no liability in connection with the administration, marketing or trading of the Notes.

EACH INDEX SPONSOR DOES NOT GUARANTEE THE ACCURACY AND/OR THE COMPLETENESS OF ITS INDEX OR ANY DATA INCLUDED THEREIN, AND NO INDEX SPONSOR SHALL HAVE ANY LIABILITY FOR ANY ERRORS, OMISSIONS OR INTERRUPTIONS THEREIN. THE INDEX SPONSORS MAKE NO WARRANTIES, EXPRESS OR IMPLIED, AS TO RESULTS TO BE OBTAINED BY THE BANK, HOLDERS OF THE NOTES, OR ANY OTHER PERSON OR ENTITY IN CONNECTION WITH THE USE OF EACH INDEX OR ANY DATA INCLUDED THEREIN. THE INDEX SPONSORS MAKE NO EXPRESS OR IMPLIED WARRANTIES, AND EXPRESSLY DISCLAIM ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE WITH RESPECT TO ITS INDEX OR ANY DATA INCLUDED THEREIN. WITHOUT LIMITING ANY OF THE FOREGOING, IN NO EVENT SHALL ANY INDEX SPONSOR HAVE ANY LIABILITY FOR ANY LOST PROFITS OR SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT, OR CONSEQUENTIAL DAMAGES, EVEN IF NOTIFIED OF THE POSSIBILITY THEREOF. THE LICENSING AGREEMENT BETWEEN THE BANK AND EACH INDEX SPONSOR IS SOLELY FOR ITS BENEFIT AND NOT FOR THE BENEFIT OF THE HOLDERS OF THE NOTES OR ANY THIRD PARTIES.

Historical Performance of the Indices

The following graphs set forth the quarterly historical performance for each of the Indices from January 1, 2002 through May 7, 2008. In addition, there is included the hypothetical historical performance for the Basket from January 1, 2002 through May 7, 2008, which graph assumes that the initial level of the Basket on January 1, 2002 was 100.

The historical information presented below should not be taken as an indication of future performance, and no assurance can be given as to the closing level of any of the below on any Observation Date. There can be no assurance that the performance of the Basket will result in the payment at maturity of an amount in excess of the Authorized Denomination.

The closing level of the S&P 500 on May 7, 2008 was 1392.57. The closing level of the TOPIX on May 7, 2008 was 1393.28. The closing level of the Eurostoxx 50 on May 7, 2008 was 3871.78.

In addition to the websites listed above, closing levels of the Reference Indices can generally be observed for each Observation Date on Bloomberg Financial Markets at:

Topix: TPX <INDEX> QRM <GO> after 02:00 New York time

S&P 500 SPX <INDEX> QRM <GO> after 17:00 New York time

Eurostoxx50 SX5E <INDEX> QRM <GO> after 14:00 New York time

The Bank has obtained the various Reference Index closing levels and other information below from Bloomberg Financial Markets and accordingly, the Bank makes no representation or warranty as to their accuracy or completeness.
